DESCRIPTION

Three bedrooms confort 78m²

That's the typically parisian family apartment with all the the features of the 19th century elegance: parquet floor, ceiling mouldings, marble-top fireplaces. This property is made of a bright and spacious living-room. An elegant main bedroom with double-bed and ensuite bathroom, a second bedroom with two single beds and a third bedroom with sofa-bed. Another bathroom and separate toilets. Step on the balcony for a nice vue on lively rue Saint-Placide. This big three-bedrooms is the best fit for a family stay in a classy and very parisian decor. The apartment is equipped with DSL giving access unlimited broad-band internet, WiFi, cable TV programs and free phone calls to France and many countries (landlines).

★★★★★

Started badly with nobody there to meet us as the taxi had arrived late at the airport. An email had been sent to my email address but I had travelled with a contact number which i couldnt read having no internet. After an hour a young girl came full of apologise and we got into our beautiful apartment. The apartment is on the 5th floor but there is a small lift. 2 of the bedrooms where large with kingsize beds, the 3rd had a bedsettee. Although there are 2 bathrooms there is only one toilet. Kitchen is adequate and there are plenty of shops and cafes in the area. Easy to get round as tube on end of road and if your fit you can walk to the Seine and around the tourist spots. Above all i found all the locals very friendly and helpful.

Séjour merveilleux et très relaxant

★★★★★

Nous avons séjourné dans cet appartement en famille. C était un séjour merveilleux et très relaxant. L appartement est très bien meublé avec une cuisine très bien équipée. Nous adorons ce quartier - il y a tout, et les jardins du Luxembourg sont fabuleux pour les enfants. My Apartment in Paris est une très bonne agence, disponible pour aider - je la recommande!

Fantastic Parisian Apartment

★★★★★

(https://www.my-apartment-in-paris.com

This was a wonderful, central apartment that was perfect for our family of 4. My mother, myself and my two children stayed here for 9 nights and we loved it. Very convenient located a half block from the metro with great shops, supermarket and patisseries all very close. It was the perfect place to stay and when we return to Paris we will stay there again. The company who look after the apartment were fantastic and very helpful. There was a problem with the TV not working and they did everything they could to get it fixed for us. Only issue was the walls were very thin but they warned us of this and it is typically of old buildings in Paris. It wasn t a big issue and the street was very quiet. Beautiful apartment and I would recommend to anyone visiting Paris.

Paris Pefection!

★★★★★

Our family of 5 loved our stay in this apartment. Right from the first enquiry the MAP staff were a pleasure to deal with, all of my questions were quickly answered and the booking easily made. We were met by a lovely staff member who showed us through and explained clearly all details. The apartment itself was clean and comfortable with a modern kitchen and bathrooms. The area is safe and has many great shops nearby including cafes, restaurants, bakeries and a Supermarket a short walk away. There is a Metro stop just down the street and an ATM right by the front door also a Pharmacy just a few doors down. We would not hesitate to recommend this property to anyone especially families with small children and would not consider staying anywhere else on returning to Paris. Thank you to My Apartment In Paris for making our stay one never to forget.

We thoroughly enjoyed our stay at this apartment. We were a family of five but the apartment could quite easily accommodate six people. The apartment was well equipped and quite spacious. The apartment is in a great location - lovely quite area but only one minute from the metro, cafes, shopping and excellent bakeries. It was also very easy to deal with "My Apartment in Paris" staff and the booking system. Thank you Mylene for the excellent service and efficiency. In coming back to Paris, we would definitely book through through you again and book this apartment again.

" Wonderful for a family visit "

★★★★★

The apartment is centrally located, close to the Luxembourg Gardens and the Raspail market. The small elevator made the high floor accessible. The manager was very accommodating, and the kitchen was very well equipped. Our family of five (three adults and two children) had a wonderful stay.

Perfect place to stay in Paris

★★★★★

We just returned from a wonderful week in Paris. I cannot speak more highly of our accommodations and the service provided by My Apartment in Paris staff. They were very easy to deal with prior to our departure and extremely helpful once we arrived in Paris. Our apartment was perfect for our family of 6. It was situated in a nice, quiet neighborhood, walking distance to the Metro and a patisserie, small grocery, vegetable stand and several restaurants. The proprietors all spoke enough english to assist us. We were close to many nice shops and only 2 blocks from Au Bon Marche, a fabulous store with an amazing gourmet foods floor. Our apartment was very clean, stocked with plenty of linens and the necessities for cooking. The representative, Magalie, was very helpful. She took extra time to help us secure transportation back to CDG and allowed us to store our bags at their office. All in all, we highly recommend My Apartment in Paris and this particular location. We would definitely return.
